SHAFTLOK™ 15in1

Locking shaft eliminates the hassle of bits falling out of the shaft when getting partially “stuck” in the fastener as the driver is pulled back away from the fastener!

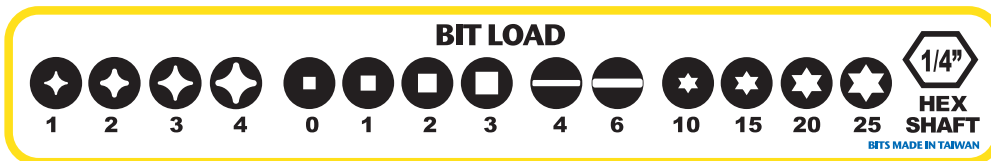

LOCK the bit in place by pushing it completely into the shaft until it “clicks” locked.

UNLOCK the bit by pushing down on the yellow button on the shaft and pulling out the bit.

- ▶ Professional quality driver made in USA
- ▶ Heavy duty nylon reinforced handle & chamfered solid steel shaft for long life and durability!

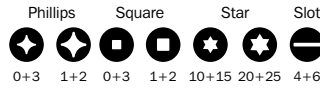

- ▶ Patented ← PULL-OUT → bit cartridge provides time saving, space saving convenience
- ▶ Shaft diameter is almost 50% narrower than standard quick change chucks, allowing the shaft to reach into narrow openings!

MADE IN USA**

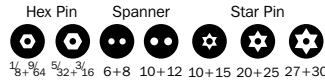

15in1 ORIGINAL Part # 151NAS

Drivers Made in

Our Original bit load driver is our most popular. Loaded with 7 double end professional quality bits, this assortment provides the 14 most popular tips for driving screws. The shaft opening serves as a 1/4" hex driver! Hence "15in1".

15in1 TAMPERPROOF Part # 151TP

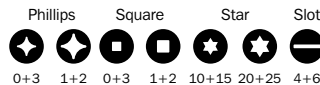

This 15in1 is a must for all commercial/industrial tradesmen i.e. electricians, locksmiths, telephone technicians, maintenance personnel, etc. The Tamperproof assortment includes the most popular security bits, including Spanners, Hex Pins and Star Pins. The shaft opening serves as a 1/4" hex driver!

14in1 AUTO/HVAC Part # 141AU/HVAC

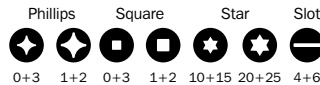

Loaded with the most popular bits used in automotive work, including a 1/4" socket adapter, this driver is a must for the professional mechanic or anyone who works on their car or truck. The valve stem bit is also a standard bit-type in the HVAC industry. The shaft opening serves as a 1/4" hex driver.

15in1 STAINLESS Part # 151SS

The Stainless driver is ideal for the outdoor environment, including boating, camping, hiking, 4 wheeling, etc. The driver has a stainless steel shaft and features 7 double end electroless nickel plated bits with the 14 most popular tips for driving screws. The shaft opening serves as a 1/4" hex driver.

MEGALOK Part # 181ML

The **MEGALOK** driver features a 1/4" quick change chuck that locks the bit into the driver! In addition to the 7 double end bits that come with the handle, the locking quick change chuck accepts all 1/4" hex-shank power groove accessories like extensions, nut drivers, socket adapters, etc. (See page 8 for **MEGALOK** accessories.)

15in1 HEX Part # 151HX

The Hex (Allen) driver features the 8 most popular standard hex drive tips and the 6 most popular metric hex drive tips. The assortment of bits in this driver are popular for working on technical equipment, bicycles, motorcycles, skis, musical instruments and ready to assemble furniture. The shaft opening serves as a 1/4" hex driver.
